MEMORANDUM FOR THE RECORD

SUBJECT : BPR Land at Langley - Agency Interest In - RECD
Contact with GSA Official

REFERENCE: Memo for the Record, OL #0 6324 dtd 29 Oct 70,
Subj: RECD Contact with GSA Official - same
subject

1. On this date at 11:25 a.m., Mr. William P. Wolf (Deputy Assistant Commissioner, Office of Real Property Disposal, Property Management and Disposal Service, General Services Administration (GSA)) called the undersigned to advise that GSA had just received the Transportation Department's comments relative to the recent GSA excess property survey report on the BPR land at Langley. (Note: The Agency is not privy to the report; however, it can be inferred that a substantial portion of BPR land has been designated as excess.)

2. Mr. Wolf stated that the Transportation Department was "completely objecting" to the findings of the GSA report of survey and that the Federal Highway Administrator did not agree with GSA's conclusions regarding the Research Station. The Transportation Department's response indicated that although they had no objection to relinquishing to the Park Service the 80 acres adjacent to existing parkland they were conducting an overall facilities study with a view toward utilizing existing assets to fulfill their need for proposed developments.

3. Mr. Wolf volunteered that GSA did not agree with the Transportation Department and now a lot of work had to be done. Mr. Wolf said he would keep the undersigned current on further developments.
